

**405HS
EGG PRINTER**

Features

- ◆ ZENYER 405HS egg printer is an offline egg printing system, is comprised of a standing conveyor and a 5-head inkjet printer.
- ◆ ZENYER 405HS egg printer has a colour touch screen control panel, you can create and edit printing messages on the screen or download an image from a USB.
- ◆ Can print messages of text, numbers, dates, Logos & pictures on eggs with perfect quality.
- ◆ The uniquely designed cartridge suspension system makes sure that eggs of different sizes can be printed.
- ◆ ZENYER 405HS egg printer has a compact structure so it takes up less room and allows it to be moved freely.
- ◆ The 405HS printer can print 5 lines of eggs at one time when the eggs run through the photoelectric sensor.
