

**201T
PLASTIC EGG TRAY WASHER**

Features

- ◆ Made of strong stainless steel for great durability and hygiene.
- ◆ Includes automatic egg tray de-stacking, sanitizing, washing & rinsing, drying and automatic egg tray stacking functions all in one machine with the capacity of 1200 trays per hour at most.
- ◆ You can put a stack of plastic egg trays into the de-stacking device manually, the device will de-stack the trays automatically, and the main conveyor of the machine will send them to the next process.
- ◆ The machine has 2 water tanks, Water tank 1 is for egg tray washing and sanitizing, you can add sanitizer or disinfectant (follow the food authority requirements in your area) into the water tank to ensure the egg tray washing meet all rules and standards.
- ◆ The water that is used to wash trays is recycled and used again, there's a filter above the tank that filters impurities to improve recycled water quality.
- ◆ Plastic egg trays will be rinsed with city water (fresh water). The used water will flow down to water tank 2 and drain out through the drain pipe, it will not be recycled.
- ◆ Water on the plastic egg trays will be swept off by brush, while the remaining water on the tray will be blown off by the drying fan system. 2 drying fans blow from below the trays, the other 3 drying fans blow from on top of the trays, at the same time, a brush at the drying section will remove excess water from the top of the trays for better drying results and efficiency. Water from the drying section will fall to water tank 2.
- ◆ The washed & dried plastic egg trays will be stacked automatically at the end of the machine, which greatly saves time.
- ◆ The machine has a control panel with a color touch screen and physical buttons, all the functions can be controlled through the buttons on it.

Model	ZYX-DT-1200
Product code	201T
Capacity	Up to 1200 egg trays/hour
Speed	Adjustable
Power	18.2KW (excluded air compressor)
Voltage	380V, 50HZ, 3-phase
People	One
Dimension (L*W*H)	5.47*1.0*1.76 M
Net weight	750 kg
Gross weight	1000 kg
Function	Automatic egg tray de-stacking, sanitizing, washing & rinsing, drying and automatic egg tray stacking

* Net weight and gross weight are for your reference only.
