

302BS EGG PROCESSING LINE

Features

Option:

- ◆ Made of stainless steel for better durability, corrosion resistance and hygiene.
- ◆ The ZENYER 302BS duck egg processing line consist of the ZENYER 202B egg washer and the 104B egg grader with a capacity of 10,000 eggs/hour.
- ◆ Is designed for DUCK egg processing, and satisfied duck egg cleaning and drying requirements well.
- ◆ Includes a water bath (for egg loading), washing and drying, grading, counting and manual collection. It can also include the optional candler and optional UV sterilization.
- ◆ The 202B egg washer is equipped with a free standing control panel, the 104B egg grader has a color touchscreen control panel, they are interlock controlled with each other for safety reasons.
- ◆ Pour the whole box or tray of eggs into the water bath, the eggs will be transported into the washing system through the conveyor. This loading method not only saves time but also minimizes cracked eggs by using buoyancy. Furthermore, eggs are easier to wash after running through a water bath.

Commodity	Duck egg processing line
Product Code	302BS
Model	ZYL-YS1-D1-C
Capacity	10,000 eggs/hour
Material	Stainless steel
Power	12.32KW
Voltage	380V,50HZ,3-phase
Dimension (L*W*H)	11.97*1.7*2 M
Net weight	1150kg
Gross weight	1640kg
Function	Water bath loading, washing, drying , grading & counting, manual collection table and optional candler, UV sterilization.
