

## 303B EGG PROCESSING LINE

# Features

Option:

- ◆ Made of strong stainless steel for great durability and hygiene.
- ◆ The ZENYER 303B duck egg processing line is comprised of the ZENYER 203B egg washer main machine and the 106A egg grader main machine with a capacity of 20,000 eggs/hour.
- ◆ Includes water bath loading, washing, drying, candling, grading & counting, a manual collection conveyor and can also include an optional egg printer.
- ◆ The loading method the egg washer uses not only saves time but also minimizes cracked eggs by using buoyancy.
- ◆ Equipped with a color touchscreen PLC and self-diagnosis system and can sort eggs into 3-6 grades with an accuracy of within  $\pm 1g$ .
- ◆ The 303B duck egg processing line is specially designed for fresh duck eggs, salted eggs or preserved egg processing.
