

602
VACUUM EGG LIFTER

Features

- ◆ Designed to transfer eggs from trays onto machines or from machines to trays.
- ◆ Features a 30-egg lifter head, an air pipe, an air filter, a pressure regulator, a switch and a vacuum pump.
- ◆ The air filter can prevent any unwanted waste from entering the motor.
- ◆ There are some holes on the top board and these holes can prevent the suction cups from gluing itself to the board. Otherwise, it causes the motor to overheat.
- ◆ Easy to use, just plug the ends of the air pipe into the 2 coupling connectors.
- ◆ Has a compact structure and takes up less storage space.
- ◆ 6*5 suction cup can be changed into 3*5 suction cup based on users' requirements.
- ◆ Usually works alongside the ZENYER 604A accumulator, the 604B belt conveyor, the 605A accumulator or the 605G accumulator.

Model	ZYS-ZK-30
Product code	602
Power	550W, 50HZ, 2.5A
Voltage	220-240V, Single phase
Dimension (L* W* H)	330*312*400 mm
Option	3*5 or 6*5 cups
Gross weight	30 kg
Function	Vacuum egg lifting & loading
